

# TOKSAVE

Dear Parents/Caregivers,

We have had Mr Neville and Ms. Langusch away this week in Brisbane attending workshops with main focus on STEM (Science, Technology, Engineering and Maths). They will also be visiting leading schools in the technology education area.

Mrs. Liz Daimol is our Acting Principal for this week in the absence of Mr. Neville.

## **Student Led Conferences: Wednesday 29th of May from 5:30pm – 6:30pm**

Students are currently preparing for Student Led Conferences that will take place next Wednesday from 5:30 – 6:30pm. During these conferences your child / children will share with you the learning areas where they feel they are performing well and discuss areas where they are aiming for improvement.

For parents who have not previously been involved in this process, the focus is on children leading the conference – teachers will be in attendance to support children in their organisation; however, the aim of the evening is for children to think about their learning and effectively communicate their opinions, ideas and improvement targets with their parents.

Siblings will be supervised by Mr. Neale in the Music Room.
